PHAM CONG TUAN

Fullstack Developer

Thu Duc City - HCMC | (+84) 349 180 051 | tompham204@gmail.com | linktr.ee/tompham

Final year CS student seeking a web developer position. Experienced with both front-end & back-end development. Highly organized, self-motivated, adaptive, and proficient with computer.

EDUCATION

Vietnam National University - HCM International University (VNU - HCMIU)

Computer Science | 09/2019 – 02/2024

- Former member of college's computational chemistry lab.
- Former moderator of a Facebook page to share college courses' resources.

WORK EXPERIENCE

Front-end Trainee | Spirit Labs
06/2022 – 07/2022

Implement a mock newspaper site during Spiritech Camp 2022.

Front-end Developer, Back-end Assistant | Codelight
10/2022 – 08/2023

Implement front-end features (Google/Github OAuth, dynamic forms, data charts, …) and integrate APIs. Support the team with back-end tasks (CRUD).

SKILLS

Front-end

- HTML, CSS/SCSS, JavaScript/TypeScript
- ReactJS + React Query, NextJS, Remix, VueJS
- Tailwind CSS, Bootstrap
- Component libraries (PrimeVue, Radix UI, …)
- State management (Vuex, Pinia store)
- i18n, ESLint, Stitches, Storybook, Monorepo

Back-end

- RESTful API with NodeJS/NestJS
- Postgres DB, Quest DB
- Socket IO
- OAuth with Google, Github
- Payment with Stripe

Supplementary

- TOEIC 990 (2023), IELTS 7.0 (2018)
- Git
- Docker & WSL (basic usage)
- Postman, pgAdmin
- Scrum, Agile
- Lens, Jenkins (basic usage)
- Google Cloud VM
- Python (web scraping, automation, GUI, machine learning)
- Trello, Redmine, Clickup for task management
- Leadership (certificate from National College of Ireland)
- Web3 & Crypto (basic understanding)
- Photoshop, SketchBook, Corel Video Studio
